

## Nationalism, Revolution and Reform Cereal Box

1750-1900 is filled with numerous revolutions and movements in reform, independence and unification. All are the results of the spreading of Enlightenment ideas. You will spotlight one of these movements to create a “cereal” that reflects the images, ideals, philosophies, causes, effects, and level of success of the movement you have been given.

The product will be a form of cereal that is cleverly named after your topic

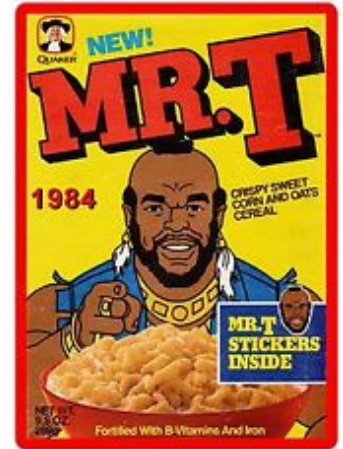

EXAMPLE- “Mansa Musa’s Golden Flakes”, tagline- “Get a spoonful of Islamic generosity with every bite”
